

Marine

Marine

Sedgwick maintains one of the largest and most experienced marine claims operations in the industry, offering efficient, competitive and consistent service capabilities.

Sedgwick's global network of marine experts can help navigate the choppy waters of major and complex losses.

Our marine team provides surveying and loss adjusting services to insurers, brokers, owners, lawyers, shipping companies, freight forwarders, and road and rail transport operators.

We are the Lloyd's Agent for New Zealand and have experts on hand at all major ports and cities to respond to any marine loss in New Zealand or the Pacific Islands. Should the need arise, we can call upon our global network.

We have the expertise to handle all marine surveying and loss adjusting needs, including: hull and machinery, or cargo (break bulk, containers, bulk cargo or liquids). We have experience with yachts, launches, fishing boats, charter vessels, cargo ships, barges, tugs and superyachts, builders' risks, carriers' liability, litigation, valuation, marine consultancy and recovery work.

The right team

Our experienced, multi-disciplined team have outstanding technical expertise and industry knowledge, enabling us to provide practical advice and real solutions to you and your clients.

Responsiveness

With the support of Sedgwick's global network, we are able to rapidly respond to any loss situation.

Responsiveness

Our proactive and collaborative approach considers all stakeholders with one common goal – the successful resolution of the claim, in the shortest possible timeframe - irrespective of circumstances

Client focus

Our success is based on understanding our clients' needs and meeting these consistently and seamlessly

Integrity and trust

These are essential elements of our relationships, giving our clients confidence that when they appoint Sedgwick they have the right team for the job.

*Our expertise isn't limited to the marine sector;
our specialists work in all industries and sectors
whilst our technology gives us a real advantage.*

Digital capabilities

Alongside the expertise of our people, we also utilise technology to our advantage:

Marine app

Our app serves as a portal into our comprehensive range of services, offering access to our network of experts worldwide, as well as extensive support – before, during and after a marine claims. Download the 'Sedgwick Marine' app from the App Store or Google Play.

Remote claim services

We use a number of different technologies to allow our adjusters to view or video a loss from their desktop. Stored securely and with the ability to record, zoom and annotate. Our video adjusting capabilities provides surveyors and insurers an early view of the damage, to decide whether a more detailed on-site survey is required and to provide critical mitigation advice.

Shelley Beasley

Head of Marine

ANZIIF (Snr assoc) cert cargo Surveying

Shelley is the head of Sedgwick New Zealand's marine team and also manages the Lloyds Agency claims department for New Zealand.
