

OVERVIEW

What is third party administration?

Our third party administration (TPA) services bring the support of Sedgwick's in-house colleagues to our clients, helping them manage claims as an extension of their own resources.

As a leading claims management company Sedgwick's TPA provides end-to-end claims solutions tailored to our clients' businesses, people, culture and regulatory landscapes.

Sedgwick builds its TPA services to deliver an 'in-house' experience.

We become our clients, learning and then applying their values across every claims function that we undertake on their behalf.

We are available locally, regionally or globally, supported by an international hub and proprietary technology platforms

Sedgwick's TPA services are supported by our own network of loss adjusters, who can be quickly and seamlessly deployed.

Claims services to fit your needs

Asking an external organisation to deliver a core service, such as claims management, is a leap of faith for any business.

Every claims management process needs a different approach, so our third party administration has to be different too. It has to be innovative, and creatively so, to get it right, we consider some important questions:

- Your business' claims needs are unique. How will our partnership work?
- Will the service still feel the same to you and your customers?
- How do we ensure the culture and values of your organisation are upheld?

A collaborative approach

We're in this together, and we're ready to listen. With global expertise, deployed locally to your business, Sedgwick can tailor TPA services to fit your precise needs.

We achieve this through a collaborative approach. Our dedicated will team consult with you to define and design your claims management model. We will learn your workflows and processes, and gain an understanding of your people and your customers.

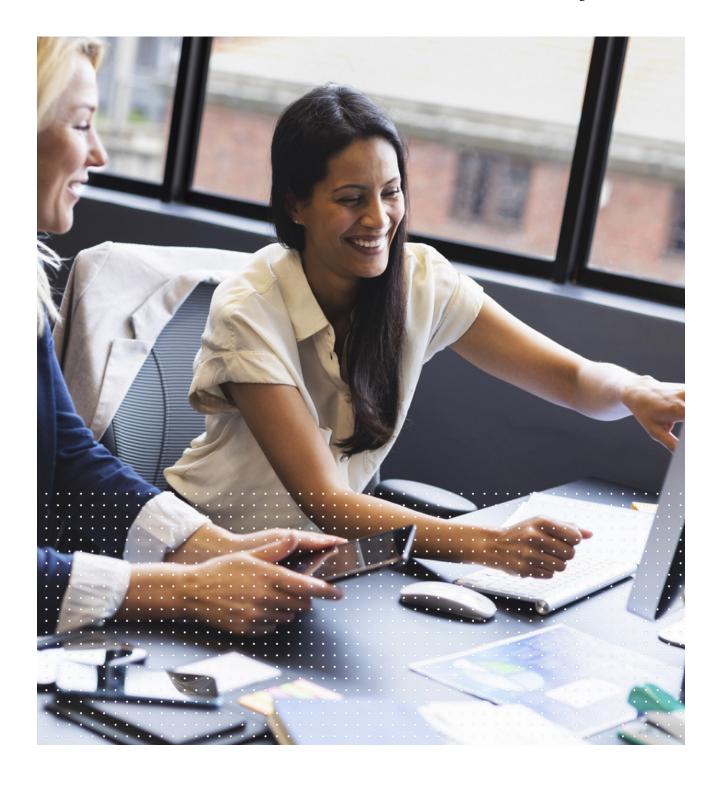

Maintaining your values and identity

We become an extension of you. This means we work tirelessly to adopt your language and your behaviours. Your tone of voice, your welcoming scripts and your articulation all become ours too.

And we offer a fully customisable brand experience to your customers, with your livery and brand identity clearly displayed on online and physical touch points in the customer journey.
